Imagine what it would be like to understand the actions and motivations of others - and to know how to apply such knowledge to be a more effective leader, teacher, coach, or salesperson - or even a better partner, or parent.

The Chameleon, by Merrick Rosenberg, a fun, easy-to-understand read, teaches powerful lessons about gaining deeper self-awareness, maximizing personal strengths, and empowering others around you. *The Chameleon* contains 22 fables based on the Eagle, Parrot, Dove, and Owl personality styles Rosenberg introduced in his first book, *Taking Flight!*.

Guided by an all-knowing chameleon, the characters help readers gain meaningful insights into understanding themselves and others. The Introduction fable provides an overview of the four personality styles. The following fables chronicle the bird's interactions over a one-year period and are followed by a "Chameleon Wisdom" section which expands on the fable's lessons and provides practical applications and scenarios of the story's moral. These deeper insights include examples of how to employ the styles to increase effectiveness at work, deepen personal relationships, parent with compassion, and generally live a more fulfilling life.

What Readers are Saying about *The Chameleon* in Amazon Top Customer Reviews...

Eye-opening and insightful

Merrick Rosenberg has keen insight into different personality styles and how we relate to one another. The charming short stories of life in the forest reveal important lessons about honoring our own and others' needs and preferences, which can be applied in business and interpersonal relationships.

Mr. Rosenberg has done it again!

Merrick Rosenberg has expertly captured the DISC model personality styles in a fun, yet accessible, way. The addition of the character of The Chameleon is a delightful way to blend an understanding of how to best relate to the other forest birds, or, in reality, our fellow humans.

This book changed my life!

Easy and enjoyable to read. Now I understand so much more about myself and others. I wish this book was around 30 years ago. It's a life changer!

Understanding Your Business and Personal Relationships

I really enjoyed this book! "The Chameleon" brings into focus the everyday relationship issues between human beings. Whether you read this book as a CEO, Manager, Friend, Spouse or Parent, it provides a valuable lesson in managing and nurturing relationships.

A Book for All Types

Going through this book is fun! Those who habitually read books on personality and self-discovery, like I do, understand that it is often slow going because the text is usually dense and requires heavy concentration. By contrast, this book is like sneaking a nutritious vegetable into a yummy chocolate cake without anyone knowing it is there.
